A Service Learn Community Project

How to Develop
Unique & Creative Farming

Our Non Profit is supporting all communities where the important Farm to Fork project is feeding neighborhoods out of hunger. Now with the success of Farm to Fork, our non-profit is, additionally, supporting taking Farm to Fork a step further by helping to create unique community farming talents and projects.

Here’s the Community Farming Plan

All areas of homes, apartments, community lands and building spaces can “continue” to work to house the growth of drought resistant plants & vertical farming, thus all open living areas and non-transitional building spaces can grow all types of plants, vegetables and other growth soil foods!

How can this goal be achieved you might ASK!

Through - “NETO”-Space Farming

Through the, continued, community involvement in Farm to Fork, and the development of drought resistant & vertical farming “open spaces” community farming. Here’s where “ No End to Our Open “Space” Farming” Initiatives Begin - “NETO”- Space Farming.

The Roseville City School District does not support, sponsor, staff, supervise or endorse the information, activities or events posted.

FLYER/NEWSLETTER – THIS ISSUE
“NETO” – OPEN SPACE FARMING

Communities have the exciting Farm to Fork and community gardens. This is AWESOME! Now lets continue to work on additional farming projects like “NETO” – Space Farming, so all aspects of open living spaces produce drought resistant and healthy plants. Hunger cannot win with the development of NETO-Space farming community projects!

COME MAKE A SPLASH!

Here's how our non-profit became committed to YOU!

Our non-profit has supported communities and schools, throughout California and in academic intervention (K-12), for 16 years under the State's aggressive intervention program.

Starting with our youngest students = learning & growing

Curious and dedicated minds!

Service Learning Education brings about excitement in studying and Learning!

Building the Research and Supporting Graduating Eager Students!

How can the community, of HIGH excellence, support the "NETO"-Space Farming Innovations and Initiatives?

Come volunteer at the ARK – Community HUB and Reused Home Goods & More store in Roseville, or feel free and visit the ARK community hub and share your talents of all kind!

This exciting store is funding the "NETO" –Space Farming's Research and Development phases and non profit's educational & community outreaches.

The Roseville City School District does not support, sponsor, staff, supervise or endorse the information, activities or events posted.

DANCE WITH THE COMMUNITY

What is the ARK and Community Hub!

The Ark is one of the main funding sources for the research and development of the "NETO" Space Farming Project. Fun on the run!

Come share your technology, hand crafting, writing, speaking, dancing and fashion design skills with the ARK Community Hub Roseville! Excitement in creative Learning!!!! Shop, Light Eating and Enjoy the Community of Talents at the ARK HUB!

Working with teachers to develop writers and other creative talents!
Developing The ARK Community Hub with our community's great talents!
